

Stand Strong • Stay Safe – Early Childhood is a safety education curriculum that teaches 3- to 7-year-old children the assertiveness and emotional literacy skills they need to build positive communities, stand up for themselves, and get help when faced with unsafe situations. Through age-appropriate lessons, students are prepared to recognize and report bullying, abuse, and neglect. Our updated curriculum features an improved script, new characters, and a culturally sensitive and trauma-informed approach to this important conversation. Curriculum training prepares educators and volunteers to teach this program in PreK-1st Grade classrooms. Support, coaching, and materials needed for implementation are included in the training.

CURRICULUM INCLUDES:

4 interactive 20-minute lessons

Presentations with puppet shows and role-play

Home Connections

Access to Parent Guide in Spanish and English

Follow-up activities to use throughout the year

PARTICIPANTS WILL:

- Understand how adverse childhood experiences and trauma affect children
- Be able to recognize signs of physical, sexual, and emotional abuse and respond appropriately to disclosures
- Learn effective implementation techniques for each lesson through demonstration and practice
- Connect with ChildBuilders' staff for ongoing support and coaching
- Gain access to all curricula and materials needed to implement the program.

TRAINING INFORMATION

Time: 4 Hours

Cost: \$225 per participant

Minimum 8 participants

Includes Digital Curriculum & Materials

Grant funding is available in Harris and Fort Bend Counties.
